

Church Council Work Plan

Date: 15th January 2018

This work plan sets out the topics to be discussed at each of the six Church Council meetings held every year. It aims to ensure that Church Council discuss all important matters in the life of the church on a regular basis. Some topics will be discussed at every meeting and others will be discussed annually on a rolling programme. Finally, additional topics will be discussed as and when this is required by current issues in the life of Christ Church.

This document will be updated when necessary. The latest version will be circulated to council members and available on the church website, so all members of the congregation can find out what Church Council will be discussing.
